

**Official Listing for the  
Export Verification (EV) Program of Ready-To-Eat (RTE) Products for Canadian Export  
(Last Revised April 12, 2017)**

The program is designed to verify establishments' control of closed-faced sandwiches destined for Canada. The participants listed below have been evaluated by the United States Department of Agriculture (USDA), Food Safety Inspection Service (FSIS), and have been found to be in conformance with the requirements of the USDA, Agricultural Marketing Service (AMS) Export Verification (EV) Program of Ready-To-Eat (RTE) Products for Canadian Export. For closed-faced sandwiches produced under FSIS voluntary inspection, AMS will conduct a microbiological testing program, on behalf of FSIS, to verify the adequacy of establishment's food safety system in producing RTE products. Only establishments participating in this program can export closed-faced sandwiches to Canada.
